

To Whom It May Concern

June 13, 2025

NANO MRNA Co., Ltd.
Shiro Akinaga, President & CEO
(C o d e N o . 4 5 7 1)

We will exhibit at the Japan Pavilion during the 2025 BIO International Convention

NANO MRNA is pleased to announce its participation in the 2025 BIO International Convention, the world's largest business matching event in the biotechnology field. This prestigious event will take place in Boston, USA, from 16 to 19 June 2025.

During the 2025 BIO International, Daisuke Nakajima, Executive Officer, CDO and Head of R&D Division, will be conducting activities to introduce our pipeline products and DDS technology. The aim of these activities is to seek the opportunities for establishing partnerships or licensing agreements with major pharmaceutical and biotech companies.

[2025 BIO International Convention]

<https://convention.bio.org/>

The BIO International Convention is the world's largest biotechnology exhibition, attended by many biotechnology-related organizations, including major overseas pharmaceutical companies. We will have a corporate booth in the Japan Pavilion operated by the Japan External Trade Organization (JETRO).

Date and time: 16 (Mon) - 19 (Thu) June 2025
Venue: Boston Convention & Exhibition Center (USA)
Japan Pavilion Booth No. 2265
Organized by: Biotechnology Innovation Organization
