## Notice of Signing the United Nations Global Compact

Sun Frontier Fudousan Co., Ltd. (the “Company”) hereby announces that it has signed “the United Nations Global Compact (UNGC)” <sup>(※1)</sup> and joined “the Global Compact Network Japan (GCNJ)” <sup>(※2)</sup> the local network in Japan.

Since its founding, the Sun Frontier Group has developed its business—centered on the Real Estate Revitalization Business, as well as the Real Estate Service Business, Hotel and Tourism Business, Overseas Development Business, and Construction Business—under our corporate philosophy of “avoiding the waste of non-reproducible resources and contributing to the lasting prosperity of humanity, flora, and fauna on Earth.” We have identified “Environmental Protection,” “Regional Revitalization,” and “Human Resource Development” as our Sustainability Materiality, and are promoting activities aimed at contributing to a sustainable society and enhancing medium-to-long-term corporate value.

By signing the UNGC, we will further strengthen our sustainability initiatives based on international principles to realize our Long-term Vision 2035: "Utilize limited resources to fill the world with smiles and excitement! Towards a corporate group that continues to challenge the creation of future value."

◇ Sustainability of the Sun Frontier Group

※1 United Nations Global Compact (UNGC)  
The UNGC is the world’s largest sustainability initiative, in which the United Nations and the private sector (companies and organizations) join forces to build a sound global society. It is a voluntary initiative for companies and organizations to act as good members of society and achieve sustainable growth by exercising responsible and creative leadership.

※2 Global Compact Network Japan (GCNJ)  
GCNJ was established in December 2003 as a local network in Japan. It supports the voluntary and strategic actions of its Japanese member companies and organizations toward the Ten Principles of the UNGC and the SDGs. It engages in various activities to realize a sustainable society, including holding seminars and facilitating member-led working groups.
