Kosei Mukaiyama
Representative Director, President & CEO

Publication of the “KOA Integrated Report 2025”

We are pleased to announce that the English version of the “KOA Integrated Report 2025,” originally published in Japanese in December 2025, is now available.

We have created this report to help our Five Groups of Stakeholders—shareholders and investors, customers and business partners, local communities, employees and their families, and the global environment—gain a deeper understanding of KOA's values and its initiatives toward achieving the 2030 Vision.

The “KOA Integrated Report 2025” is structured around our 2030 Vision and value creation story, which outline KOA's purpose and the value we aim to deliver by 2030. In addition to presenting our initiatives addressing the material issues we have identified, the report also provides a clear overview of our efforts to strengthen management with an awareness of capital cost and share price, as well as to enhance our governance framework.
