To further strengthen dialogue with stakeholders, including shareholders and investors, the DIC Group has revised its disclosure framework effective from fiscal 2026. This involved reorganizing the former Integrated Report into two separate publications, DIC Report 2026 and Sustainability Report 2026, each with a clearly defined role.

This report focuses on the Group's strategies and value creation story aimed at enhancing corporate value over the medium to long term. Detailed information and data relating to ESG initiatives are provided in the [Sustainability Report 2026](#).
